Join Fr Richard Waddell as he explores the relevance of Canon Law to parish life at a series of modules at CIS.

These modules will be of great practical assistance to all those involved in parish administration.

Those who attend will gain an understanding of how the Catholic Church governs its internal affairs.

The Code of Canon Law is the starting point at the heart of the administration of a parish - it governs not just the ministry of priests in the preaching of the Gospel, the celebration of the sacraments, teaching and pastoral care, but also the chain of command in a diocese, the nuts and bolts of the use of care of properties and parish finances, and the involvement and responsibilities of the laity in parish life.
